

PATIENT TESTIMONIALS

- "ConnectCare3 far exceeded my expectations and they provide a service no one should be without."
- "I would not have known about this physician until ConnectCare3 made me aware of my options."
- "Not only was I able to avoid unnecessary surgery, but I had the peace of mind that I was getting the best treatment available."
- "I feel very blessed that I got a second chance."
- "I almost made the wrong decision."
- "My nurse navigator's care was so encompassing.... Her expertise was invaluable."
- "My nurse's level of caring, concern and compassion, along with her savvy ability to keep the process moving quickly, is an artful accomplishment in the healthcare world."
- "It was so reassuring to have someone knowledgeable in the medical field go over all my information with me..."
- "I would definitely recommend that everyone use ConnectCare3 so that they too can have the peace of mind that they are getting the best treatment no matter what their medical condition."
- "Now I tell everyone... if you don't like what the doctor says, call ConnectCare3."
- "I can't thank ConnectCare3 enough for providing options for seeking a second opinion so that I could find a treatment option that was best for me."
- "It was like a huge weight had been lifted off my mind!"
- "I thought my situation was hopeless... until I contacted ConnectCare3."
- "It would have been very difficult for me to conduct all the research done by CC3 to find the right physician to treat me. In addition, I would have had to spend hours trying to resolve insurance issues and doubt that I would have had the knowledge to "navigate" the complex healthcare system had it not been for ConnectCare3."
- "If I need my car repaired, I find a mechanic who has extensive knowledge and experience in auto repair. So, when I discovered I had melanoma, I called the nurse at CC3 who knows about health and navigating the health care system."
- "The nurse navigator was a voice of calm and clear information."
- "... I was lost and needed direction. The nurse navigator provided that for me."
- "CC3 is a wonderful resource in these days of constantly changing health care."
- "As soon as I called CC3, I was so relieved to talk to someone who wanted to help me and was prepared to do the research and scheduling for me."
- "The term Nurse Navigator is so totally appropriate. I am completely certain that my outcome would not have been as positive as it was without the help of everyone at ConnectCare3."
- "My nurse discovered the best resources for my situation, expedited and appointment and always stayed in touch."
- "Having her to guide me, support me and inform me of options when I was hopeless, was a gift."
- "Our nurse answered all our questions, helped us look at alternative treatments and relieved so many fears and worries. I truly consider her an angel."
- "My doctor told me that having the nurse navigator present at my appointment was a great service that he welcomed."
- "The nurse navigator relieved my anxiety level tremendously."
