

**Does your city allow private use of its facilities?
Give your city extra peace of mind by
offering TULIP liability coverage!**

By offering TULIP, your city helps individuals and groups protect themselves and their guests—and the city gets an extra layer of protection against loss.

This program is sponsored by these organizations:

Why should your city offer coverage through TULIP?

Many cities allow individuals and groups to use or rent municipal-owned facilities. When someone is injured at one of those events, they may sue the city and the event organizer. Dealing with claims, regardless of their merit, can be expensive and time-consuming.

When individuals purchase TULIP coverage for their event, your city is automatically named as an additional insured on the policy. This gives added assurance that your city will be protected from claims arising from an event held on city property.

What does TULIP cover?

TULIP provides \$1 million in liability protection for many types of events* including:

- Receptions
- Reunions
- Festivals
- Concerts
- Job Fairs
- Weddings
- Clubs & Meetings
- Arts & Craft Fairs
- Many more!

Liquor liability coverage also is available.

How does TULIP work?

Individuals purchase coverage online from HUB International through the Intact Insurance website.

After event information is entered into the secure web site, an instant quote is generated, and the policy can be purchased with a credit card.

Costs are based upon the event type, number of people, level of risk, length of the event, special requirements and amount of coverage needed.

A certificate of insurance is sent to the purchaser and the city via e-mail.

Individuals and groups who use city property are often unaware that they can be held legally and financially responsible for injury, accidents and property damage resulting from their event. TULIP keeps them protected.
