## CUTTING-EDGE INSURANCE PROGRAM DESIGN FOR PUBLIC ENTITIES

Because government entities face property risks, liability exposures, and employee benefits needs that are significantly different than those faced by commercial businesses and corporations, they need an insurance partner who is truly on the cutting edge of designing specialized insurance programs to meet their unique needs.

# Public Entity

From joint purchase agreements and risk-sharing pools to risk retention and non-insurance approaches, the Public Entity Group of Alliant Insurance Services has long been a national leader in program design for public entities, including cities, schools, states, counties, hospitals, utilities, seaports and airports, colleges and universities, water and wastewater districts, and a diversified range of not-for-profit organizations.
