Executive Summary

The Local Government Insurance Trust (LGIT) is a member-owned risk and insurance pool dedicated to serving Maryland's local governments. Founded in 1987 by the Maryland Association of Counties (MACo) and the Maryland Municipal League (MML), LGIT currently serves 195 participants.

LGIT was established in response to limited availability and rising costs of commercial insurance for the public sector. Since then, LGIT has provided reliable coverage at competitive rates, benefiting local governments and ultimately Maryland taxpayers.

Primary Goals of the Trust

- Provide comprehensive insurance coverage for Maryland's counties, municipalities, and related public agencies
- Deliver in-house member services and utilize volunteer resources when beneficial
- Continuously review, analyze, and enhance member services
- Develop strategies in rate-setting, risk management, and cost containment to maintain LGIT's financial integrity

MESSAGE FROM THE CHAIR

The Local Government Insurance Trust (LGIT) was established in 1987 to address the lack of affordable insurance options for Maryland's local governments. Locally operated and owned by its members, LGIT's mission is to provide insurance products and risk management services tailored to meet members' unique needs.

In FY24, LGIT welcomed two new members—the Town of Mountain Lake Park and the Upper Shore Regional Council—bringing our total membership to 195, including 16 counties, 150 municipalities, 26 sponsored entities, the Maryland Municipal League (MML), the Maryland Association of Counties (MACo), and LGIT.

This year, the Board of Trustees and LGIT staff have worked diligently to analyze and refine our operational processes and governance, identifying key improvements to enhance member services.

For FY24, LGIT achieved a net position increase of \$3.77 million, after returning \$5.08 million to members in premium credits: \$2.51 million to the Primary Liability Pool (PLP), \$1.87 million to the Property Pool, and \$701,000 to the Excess Pool. In FY25, we anticipate returning an additional \$3 million in credits. With a strong financial position exceeding \$51 million, the Trust is in excellent fiscal health. Our Annual Comprehensive Financial Report (ACFR) provides additional details on LGIT's financial performance and activities.

As I complete my first year as Chair, I extend my gratitude to you, our members, for your support, and to my fellow Board members and committee volunteers for their dedication to LGIT's mission. I want to acknowledge Matt Peter and Larry Bohlen in their new roles as Executive and Deputy Executive Directors for providing their leadership skills to our organization. I also extend a heartfelt thank you to the rest of our staff for their expertise and commitment to serving Maryland's local governments. It's these qualities that set us apart from traditional insurance providers.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Zaleski, III". The signature is stylized and fluid.

Ted Zaleski, III, Chair
Director of Management & Budget, Carroll County

MESSAGE FROM THE EXECUTIVE DIRECTOR

In a complex and dynamic world, the only thing that we know for certain is that we will never know what each day will bring. Uncertainties create risk and LGIT is proud to have partnered with Maryland's towns, cities, and counties for more than thirty-seven years to meet their risk management and insurance needs. The value-added services that we offer to our members are designed to reduce losses and minimize claims on issues that impact the Trust as a whole. Our training grant program is designed to supplement member resources to help them minimize risks that they choose to focus on. LGIT is successful because members take advantage of these services and programs.

The Trust's financial strength and performance, as described in our annual certified financial report, exemplifies the undeniable value of our underwriting services, unmatched claim and risk management expertise, and expense management discipline. Because of LGIT's strong financial position, we have returned over forty million dollars to our members in the form of credits over the last fifteen years.

We are honored to play a role in our members' efforts to make Maryland's communities safer and stronger. Our members are our passion. At LGIT, we are committed to helping them in good times and bad. We appreciate being given the opportunity to serve you and the trust you have put in us. From our dedicated underwriting and member services staff to our loss control, claims, and legal professionals, we tailor coverages and programs to the unique needs of our members. It is our pleasure to do so because we consider our members family.

On behalf of the entire LGIT staff, thank you for your continued support and participation in the Trust. We look forward to partnering with you and your local government in the years to come.

Sincerely,

A handwritten signature in blue ink, which appears to read "Matthew Peter". The signature is stylized and fluid.

LIFE SAVER AWARD 2024

The honoree this year is from Queen Anne's County.

PAOLO PALUMBO

The LGIT Life Saver Award is presented to an employee of an LGIT member who has gone beyond their regular job duties to save a human life.

On Sunday, May 12, 2024, at approximately 9:30 AM, Parks and Recreation Ranger Paolo Palumbo was performing his regular duties around the Kent Narrows Public Boat Landing. The Kent Narrows is known for its strong currents, and on this day, coastal flooding elevated the water levels around the landing and boat ramp.

Ranger Palumbo observed a vehicle drive down the boat ramp and into the water. As the vehicle began to float, it was carried down the ramp and towards the Kent Narrows channel by the powerful current. The vehicle started filling with water, and the driver crawled through the sunroof onto the roof, yelling for help.

Without hesitation, Ranger Palumbo immediately called 911 to alert emergency responders. As the vehicle floated further from the ramp, he attempted to rescue the driver before it completely sank. Ranger Palumbo ran onto the bulkhead and made his way along the narrow seawall to get closer to the vehicle. Once within reach, he extended his arm and pulled the driver from the roof just before the vehicle disappeared beneath the water.

Upon law enforcement's arrival, the driver explained that she had been following her GPS, attempting to navigate to a nearby restaurant, when she accidentally drove into the water. Fortunately, the driver was unharmed.

Ranger Palumbo's swift and decisive actions saved the driver's life, preventing what could have been a far worse outcome.
